

Brasserie Purveyors' Mission Statement

Blending grassroots style with a discerning palate, Brasserie Purveyors is an innovator of distribution in the Cayman Islands. By focusing on specialty beverages such as fine wines, craft beers and small batch spirits, we are able to provide a varied, yet distinctive line of products. Our mission is to seek out the most exclusive, unique and price competitive beverages that complement the farm-to-table concept of The Brasserie Restaurant and its consulting Chef Dean Max, and present these products to you with conviction and excitement. We will constantly strive to bring the best in artisan drinks worldwide to our island warehouse concept here in Grand Cayman. Through tailor-made tasting events and specialty pairings, we hope to achieve an interactive culinary experience that melds together food & drink in the most intimate way, right here in the heart of George Town.
